

Health Insurance Policy Guidelines & Requirements

a. Coverage Rules

- Inpatient hospital admissions are covered up to \$100,000 per policy year.
- Outpatient procedures, specialist consultations, and diagnostic testing are covered up to \$10,000 per visit.
- Emergency hospitalizations require formal notification within 48 hours of admission.

b. Exclusions

- Elective cosmetic surgeries, non-therapeutic treatments, and experimental medicine are strictly excluded.
- Treatments performed at non-accredited facilities or unverified providers are excluded.
- Claims filed more than 90 days after service date are excluded unless prior authorization was granted.

c. Claim Limits

- Standard single claim authorization cap is set at \$20,000.
- Maximum cumulative annual claim ceiling per policyholder is \$250,000.
- High-cost procedures (Cardiology, Orthopedics) exceeding \$15,000 require pre-authorization.

d. Required Documentation

- All claims exceeding \$5,000 require itemized hospital billing statements (CMS-1500 / UB-04 forms).
- Diagnostic imaging (MRI/CT) and lab claims require attending physician clinical notes.
- Prescription claims require matching pharmacy records with National Provider Identifiers (NPI).
